A "Notifications" table lists three messages from "[biodiv] Editor Decision" with timestamps: 2022-03-20 10:41 PM, 2022-04-09 06:03 AM, and 2022-04-21 02:43 PM. The bottom screenshot shows a detailed view of the first notification, dated 2022-03-20 10:41 PM. The email content from "Reviewer A" reads: "Dear Authors, Thank you for submitting your paper investigating bird species diversity in fig trees for review. This is an interesting paper and overall it has some merit in terms of bird diversity and ecology. There is some potential use for this paper with regards to those involved in conservation and ecology. The use of the diversity indices is potentially quite useful here too. There are some revisions required in order to consider this manuscript for publication. I have included specific feedback on the word document version of the manuscript, please find attached. Make sure that any changes to the manuscript are shown using highlighted text or tracked changes. Additionally, please consider the following key areas when making revisions: 1. Methods: Make sure the methods are covered in full. For example, was every tree watched for exactly 10
