ABSTRACT: The aim of this research is to reveal the ethical dilemmas and risks of using artificial intelligence language models in student writing. This research used qualitative method. The data for this study was collected through a survey on the forum and collected data from 25 people and 10 student essays. The survey uses open-ended questions to collect qualitative insights. The questionnaire be structured to first collect demographic information. The results of this study found that on average, students who worked on essays and filled out surveys experienced and faced different ethical risks and dilemmas. The results showed that of the 25 students who voted 123 votes in the questionnaire and in ethical issues indicated by plagiarism, concerns about data leakage, and lack of originality, then excessive reliance on the use of artificial intelligence. It can be stated that artificial intelligence is extremely risky to utilize because to the difficulties in thinking and creativity, slowly decreasing the quality of writers.

Keywords: *Artificial Intelligence, Ethical Risks and Dilemmas, Student Writing.*

PREFACE

Praise be to Allah SWT, the Almighty and Merciful God who has given His gifts to every human being. May Allah bless the prophet, Muhammad SAW as the last of messenger, his households, his companions, and those who follow him until the day of Judgement. Researcher are very grateful to Allah SWT for giving strength and health so that researcher can complete this thesis.

This paper, entitled "**Unveiling the Ethical Dilemmas and Risks: Artificial Intelligence Language's Impact on Students' Writing**", is written as a part of requirements for completing the Bachelor Degree in English Education Study Program, Faculty of Teachers Training and Education, Universitas Kuningan. This paper is aimed to reveal the ethical dilemmas and risks of using artificial intelligence language models in student writing. This paper will provide an in-depth analysis of these issues. The paper will also examine the potential impact of AI language models on creativity, originality, bias, self-learning ability, as well as the potential for plagiarism and more.

This paper hopefully can give contributions for all readers and become inspiring for other researchers who will undertake further research in a related field. The researcher realizes this paper is still far from being perfect. Therefore, critical comments and suggestions from those who are deeply concerned with such topic are welcomed.

ACKNOWLEDGEMENTS

Praise is to Allah SWT, the Most Gracious and the Most Merciful, for the strength and blessings so that the researcher could finish the paper. She realizes that without supports, encouragements, and guidance from people surround, she might not be able to accomplish this paper as good as possible. Therefore, she would like to give thankfulness to all people who have to contribute to complete this paper. There are honorable people who are important to the researcher to whom she can only express her gratitude.

1. Mr. Dr. Fahrus Zaman Fadhly,M.Pd as the first supervisor and Mrs. Dr. Endang Darsih,M.Pd as the second supervisor who have given much guidance and motivation to the researcher in finishing this research paper.
2. Mr. Muh. Aprianto Budie Nugroho,M.Pd as head of English Education Study Program, Universitas Kuningan who has given great motivations.
3. All the lectures and staff English Education Study Program, Faculty of Teachers Training and Education of Universitas Kuningan who have given researcher pray and support until the researcher completed this paper.
4. Mr. Dr. H. Dikdik Harjadi,S.E., M.Si as the Rector of Universitas Kuningan.
5. Mr. Asep Jejen Jaelani,M.Pd as Dean of Faculty of Teachers Training and Education of Universitas Kuningan.
6. To my beloved parents, mother Euis Juliawati and father Didi Juhadi (Deceased) with their unwavering prayers and affection, endless support, and constant encouragement have been my greatest source of strength throughout this journey. This achievement would not have been possible without your sacrifices, guidance, and prayers. For all that you have given me, words cannot fully express my sincere gratitude. I dedicate this work to you.
7. I would like to express my sincere gratitude to my grandparents. Your wisdom, love and unceasing prayers have been a source of strength and inspiration throughout my life. Thank you for always believing in me.
8. To my dear friends Laras Santika, Ulfah Lutfiatun, Diah Puspita, and my friends from China, I cannot thank you enough for your endless support,

encouragement, and friendship. All of you have been a source of strength, joy, and inspiration in different ways, and I am so grateful to have you in my life.

9. To my dear classmates from the 2020 PBI A Class at Kuningan University, I am extremely grateful for the friendship, support, and experiences we have had during our time together. From long hours of group projects to endless study sessions, we have faced every challenge together. This journey would not have been the same without your motivation, humor, and determination. I am so grateful to have shared this academic journey with such wonderful classmates.
10. To someone who has been with me, thank you for the heartbreak given during the thesis preparation process which can now be a reminder for me so that I can prove that you will still be my reason to continue the process of becoming a better person. It turns out that your departure from the researcher's life provides enough motivation to move forward and become a person who understands more about experience, maturity, patience, and accepting loss as a form of forging process to face the dynamics of life. Thank you for being a fun and painful part of the researcher's maturation process. Because the researcher believes that in the end everyone has their time and every time there is a person.

In the end, the researcher realize that Research contains some weakness and was far being perfect. Therefore, she accepts every suggestion, critics, and comments from those who concern to this Research. The researcher hopes that this Research will be useful and give contribution for the readers, especially for the next researcher who learn deeply about this research.

LIST OF APPENDICES x

CHAPTER I INTRODUCTION 1

1.1 Backgrounds. 1

1.2 Research questions 10

1.3 Objectives of the research 10

1.4 Scope of the research. 10

1.5 Significance of the Research 11

1.6 Clarification of key terms. 11

1.6.1 Artificial Intelligence 11

1.6.2 Ethical Risk 12

1.6.3 Ethical Dilemma 12

CHAPTER II LITERATURE REVIEW 13

2.1 Artificial Intelligence (AI) 13

2.1.1 AI language models' potential for bias and discrimination. 13

2.1.2 Censorship, Certain words or phrases are restricted or forbidden. 14

2.2 Ethical Risks and Dilemmas on AI... 15

2.2.1 Lack of critical thinking on AI language. 16

2.2.2 AI language models for malicious or harmful purposes. 16

2.2.3 Using non-consenting data or plagiarized content. 17

2.2.4 Misinformation or misleading information. 17

2.3 Perceptions of Artificial Intelligence 18

CHAPTER III RESEARCH METHOD 21

3.1 Research Design... 21

3.2 Data Source... 21

3.3 Data Collection 22

3.3.1 Qualitative Data Collection 22

3.3.2 Questionnaire Development 22

3.3 Data Analysis... 23

CHAPTER IV FINDINGS AND DISCUSSIONS 24

4.1 Findings 24

4.1.1 Respondents' Data 25

4.1.2 Results from students' responses 28

4.2 Discussions 30

4.2.1 Analysis of students' essays 35

CHAPTER V CONLCUSION AND SUGGESTION 46

5.1 Conclusion.....46

5.2 Suggestion 48
